EMPOWERMENT THROUGH
CREATIVE EDUCATION

“It’s a real pleasure working with a true pro like Andrea! She managed my first time event from creation to completion, including all the unexpected things that happen when you are hosting an inaugural event and it turned out to be a huge success. Andrea is organized, professional, creative, connected ... can’t say enough. Thanks Andrea!”

#TESTIMONIALSANDREA

- *“Andrea is one of the hardest working people I know. Her talents and expertise continue to surprise and inspire me each time I work with her. We have worked together for several years on many different projects. No matter how much she has going on she always follows through on her commitments and goes above and beyond to ensure that each partnership is unique and special. I have often referred to her as the mayor of Denver as she has not only professional connections but friendships and incredible working relationships with the majority of Denver’s influencers and leaders. Andrea ensures that anything she touches is gold and her passion and attention to detail make her the best choice when it comes to project management, event execution, or brand strategy. If you haven’t yet worked with Andrea, you and your company are missing out on what she and Denver have to offer!!”***Megan Lamb, District Sales Manager – Drink Bai**
- *Throughout the years, I’ve been lucky enough to work with Andrea on both professional and personal occasions. Whether organizing an intimate plated dinner or large-scale musical festival, Andrea provides the support, organization, connections and resourcefulness that a successful event requires. To top things off, she always does this with a smile on her face and calm demeanor. It is obvious that Andrea is passionate and experienced when it comes to creating spectacular events.”***Gretchen Welde Director of Marketing & Public Relations/Richard Sandoval Restaurants**
